Promotional Authorization Information

Dear Parents:

Goshen Christian School uses many different ways to market and publicize itself. Brochures, Powerpoint presentations, slideshows and the internet are just a few in which we interact with the public. To do this in the most effective way we feel it is beneficial to not just use pictures of our building, but of our staff and students involved in everyday classroom activity and special outings.

In order for us to use any photos in which your child(ren) may be included, we are required to have a release form signed by you authorizing the school to use them. Please consider the form below and return this to the school office indicating whether or not you will be authorizing the use of photos for promotional purposes.

Thank you,

The GCS Board

mw
