Promotional Authorization Information

Dear Parents,

Goshen Christian Preschool uses many different ways to market and publicize itself. Brochures, end of the year slide show presentation, our private Face book parent page (invite only), and our own school web site are a few ways that we interact with others. To do this in the most effective way we feel that it is beneficial to not just use pictures of our building, but of our staff and students involved in everyday classroom activity and special outings.

In order for use to use any photos in which your children may be included, we are required to have a release form signed by you authorizing the school to use them. Please consider the form below and return this to our school office indicating whether or not you will be authorizing the use of photos for the uses listed above.

Thank you, the Goshen Christian Preschool School Board and Staff

Conditions of use of images:

- We will NOT include names, personal or e-mail addresses, or telephone numbers of any child or adult in an image.
 - We may use images of individual or groups of children with very general labels, such as "making a craft" or "lunch time."
-

I give my permission to Goshen Christian Preschool to take pictures and use my child's photos for the uses stated above.

I do not give my permission to Goshen Christian Preschool to take pictures and use my child's photos for the uses stated above.
